Response to office communication dated 05/08/2011

Dear mr DeBerardinis,

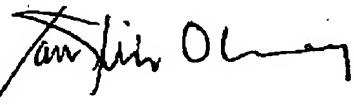

As a response to your Office communication dated 05/08/2011 I hereby send you the specification in correct form required by the USPTO. A small addition under "BACKGROUND ART" has been made to include the US 2005/0055130 mentioned in your Office Communication.

Claim 4 that was objected to has been rewritten and is now to be found as claims 4-6.

Priority was also claimed in our first electronic application (09/22/2006) but no notice of such was acknowledged on the page of Office Action Summary therefore I repeat the Prior Foreign Application numbers; SE0400768-8 (SWEDEN, date 03/22/2004) and PCT/2005/000407 (date 03/19/2005).
